Career Cluster Interests

Career Cluster	Comment
Business & Finance	Later in my career when I am more financially stable, I plan to start my own business. This business may be in the area of computer service and/or program use lessons.
Computers & Telecom	I enjoy working with computers as they follow a completely logic process of decision-making.
Science & Engineering	Science is one of my favourite subjects. Anything in this industry would appeal to me.

Hobbies & Interests

Activity	Comment
Electronics	
Video Games	
Bowling	
Computer Programming	I wish to go into the field of computer software in the future.
Electronics	I like to find out how something is made. I also enjoy understanding how an electronic device works.
Li-Xi Pockets	Whenever I received red pockets during Chinese New Year, I always save the pockets.
Coins	Special quarters. Gained a whole series of Millenium 1999.
Music	Practising instruments is enjoyable.
Reading	Being absorbed into a book is very fun. Allows me to expand my vocabulary and gives me time to rest.
Religion	Going to Church on Sundays =D! Jubilant!
Backpacking or Hiking	
Bicycling	
Walking	
Drawing/Painting/Creating	Very relaxing, soothing and allows me to communicate through drawing.
Light sports	Badminton/Ping-pong/Cycling
Light sports	Badminton/Ping-pong/Cycling
Reading	Being absorbed into a book is very fun. Allows me to expand my vocabulary and gives me time to rest

Skills and Abilities

Skill	Comment
Detail-Oriented	I'm very meticulous. I put a lot of effort into detail.
Ethical	This is the most important attribute to have especially when working. Unethical work is unhealthy to consumer and producer.
Organized	I am organized which makes it easier for me to finish tasks.
Self-motivated	I enjoy challenges and I am very enthusiastic. I am willing to do work because it's enjoyable.
Team Player	Co-operating is essential in the work place

	nowadays. Encouraging and motivating each other brings people closer and work is done more efficiently.
C++	I have had previous experience with this program. I was able do simple animations.
Adobe Photoshop	I have photoshopped several times before (still learning)
Microsoft Office	I am able to use all applications of Microsoft Office (excel, word, powerpoint, publisher) with ease.
Chinese	Still learning, can speak conversational cantonese.
English	Able to speak fluently in English.
French	Currently learning at school.
Positive	I'm enthusiastic and I think positively. Any problems that I may encounter will be faced rationally and optimism will help me get through it.
Turing	I am proficient in this program which is the main language taught in the grade 10 computer science course.

Awards & Certificates

Award / Recognition	Date Awarded
Guy Sutherland Memorial Award	Jun 2007

Volunteer Experiences

Jun 2007 - Jun 2007	Hollywood School **Booth Supervisor for Hollywood Carnival**	Toronto
Hours: 5	Supervised a gaming booth for a carnival	
Oct 2006 - May 2007	McKee School **McKee Reading Buddy**	Toronto
